IMPORTANT REMINDERS

Non-Writing Examiner's Manual and Supplement to the Non-Writing Examiner's Manual

- The *Non-Writing Examiner's Manual* contains the information, guidance, procedures, and responsibilities that the Examiner and Proctor are required to follow in order to administer the *Non-Writing* tests. It contains testing directions for online format tests but not paper tests and is provided as a hard-copy document sent to divisions/schools in the non-secure shipments. The *Non-Writing Examiner's Manual* is also available for download from the Virginia Department of Education website at:

www.doe.virginia.gov/testing/test_administration/index.shtml

- The *Supplement to the Non-Writing Examiner's Manual*, a separate document, provides the testing directions that Examiners and Proctors must use for the administration of the paper format tests; it must be used in conjunction with the *Non-Writing Examiner's Manual*. The *Supplement* is available in electronic format only—no hard copy is provided—and may be downloaded from the Virginia Department of Education website (above).
- The *Non-Writing Examiner's Manual* for the SOL *Non-Writing* tests and the *Supplement* can be used for any of the three test administrations in the school year.

Documented Need for Paper Test

All students are required to take the online version of the tests with the exception of students who meet one of the following criteria for paper testing listed below:

- The student attends school in a location where a secure network connection or the required technology is not available to access an online test. Such locations include: special situations schools; homebound, residential, or hospital placement; night school or Governor's school.
- The student requires an accommodation specified in his/her Individualized Education Plan (IEP), 504 Plan, or English Learner (EL) Assessment Participation Plan that is described in the *Examiner's Resource Guide: Non-Writing SOL Tests* as requiring a paper test (e.g., large-print test, braille test, brailler, and some instances of multiple test sessions).
- The student has a documented medical condition, such as a seizure disorder, where exposure to the testing device will aggravate the student's condition.

IMPORTANT REMINDERS, continued

- The student's eligibility for paper tests has been established using the *Documentation of Need for Paper* form, which is retained in the office of the Division Director of Testing (DDOT). The procedure for completing this document establishes that the use of paper tests is intended only to provide access to the SOL assessments for the following students:
 - Students with disabilities who require other accommodations that necessitate a paper test.
 - Students with medical conditions that render them unable to take an online test.
- The use of paper tests may not be permitted for the purpose of improving performance.

Grade 3 Reading and Mathematics Tests

- The online Grade 3 *Reading* and *Mathematics* tests are available as a CAT. They are also available in audio format using text-to-speech.
- The audio tools are located on the right side of the student's test screen. Refer to Tables 4 and 5 in Section 4.9.2 for details regarding the tools.
- Prior to testing, students who require online audio format must have practice using the audio tools. Practice Item Sets are available through the TestNav application; refer to Section 4.4.1 for additional information.
- The paper Grade 3 *Reading* and *Mathematics* tests, for students with a documented need for a paper test, are available as standard, large-print, and braille.
- The paper Grade 3 *Reading* and *Mathematics* tests do not have an audio file (CD) available. Students who have the accommodation where the test is read aloud via an audio file (CD) must be provided a read-aloud test administration, where an Examiner reads the test to the student. Refer to the *Examiner's Resource Guide: Non-Writing SOL Tests* for guidance on Read-Aloud test administrations.
- All paper Grade 3 *Reading* and *Mathematics* tests must use Version 2.0 answer documents.

Struggling ELs on the Grade 3 Reading Test

- Testing may be discontinued for English Learners (ELs) after an EL has had sufficient time to answer items on the *Reading* test and indicates that he/she is unable to complete any more items. Refer to the directions box in Section 5.2.

IMPORTANT REMINDERS, continued

Icons to Identify Audio and Read-Aloud Tests

- Students who have been assigned either an audio or read-aloud test in PearsonAccess^{next} will have an icon printed on their Student Testing Tickets:
 -  This icon indicates the student should receive an audio test.
 -  This icon indicates the student should receive a read-aloud test.
- These icons will also appear next to the student's individual form assignment on the Students in Sessions screen in PearsonAccess^{next}.
- School Test Coordinators must ensure the Test Examiners receive the most current Student Testing Tickets prior to testing. In order for a test ticket to show the icons correctly, new Student Testing Tickets should be printed if the student's test form is changed from "regular" to "audio" or "audio" to "regular" in a test session.
- These icons will also be used in the testing directions to designate the additional audio or read-aloud test directions that must be read to students using these accommodations.

If you have questions about your school's testing procedures, contact your School Test Coordinator (STC). If you have concerns about the testing procedures being followed in your school and your STC is unable to address them, contact the Division Director of Testing (DDOT) in your school division's central office. If you have concerns that your DDOT cannot address, please contact the Office of Student Assessment at (804) 225-2102 or by email at Student_Assessment@doe.virginia.gov.

1. USE OF THIS MANUAL FOR THE SPRING 2022 TEST ADMINISTRATION OF ALL STANDARDS OF LEARNING (SOL) GRADE 3 TESTS

This *Examiner's Manual* contains the information, guidance, procedures, and responsibilities that the Test Examiner and Proctor are required to follow in order to administer the Grade 3 *Reading* and *Mathematics* Standards of Learning (SOL) assessments.

The Grade 3 Reading and Mathematics online tests will be administered using Computer Adaptive Testing (CAT). This testing model is different from other Standards of Learning (SOL) online tests in that the test delivery software customizes which test items are administered to the individual students. CAT selects the items/passage sets administered to a student by scoring the student's response to a test item/passage set and then selecting the next item/passage set based on the student's response. The process of choosing test items/passage sets, scoring the responses, and selecting the next items/passage sets to be administered is repeated throughout the test.

Grade 3 Reading CAT: Because the selection of the reading passage is dependent on the student's responses to the previous reading passage question set, the student is able to go back to previously answered questions in that passage set only.

Grade 3 Mathematics CAT: Because the selection of the next item is dependent on the student answering the current item, the student must respond to the test item presented before advancing to the next item. Also, the student cannot bookmark a test item for review or go back to any previous test items.

The Grade 3 *Reading* and *Mathematics* CATs are available in standard and audio formats. If the student requires a read-aloud administration, follow the Read-Aloud Guidelines for Computer Adaptive Tests in the *Examiner's Resource Guide: Non-Writing SOL Tests* available on the VDOE Website:

https://www.doe.virginia.gov/testing/test_administration/index.shtml.

The Grade 3 *Reading* and *Mathematics* tests are available in paper format only for students with a documented need for paper (refer to the *Examiner's Resource Guide: Non-Writing SOL Tests*).

2. TEST ADMINISTRATION SCHEDULE

Each school division is to administer the SOL Grade 3 tests within the school division's established "testing window." The STC will inform you of the school's specific test dates and times. Each school's test schedule must allow opportunities for students who are absent from the administration of a test to take the missed test on a make-up basis. The STC will provide you with more information about how your school will handle make-up testing (Section 7).

3. SCHOOL DIVISION RESPONSIBILITIES FOR TESTING

Many school division personnel are responsible for the administration of the SOL *Non-Writing* tests. These include:

- Division Director of Testing (DDOT)
- School Test Coordinator (STC)
- Test Examiner (Examiner)
- Test Proctor (Proctor)

A brief explanation of the roles and responsibilities of each of these persons follows.

Division Director of Testing

Each division has designated a Division Director of Testing (DDOT). The DDOT serves as the point of contact between the school division and the Virginia Department of Education (VDOE) and Pearson. The DDOT has division-wide responsibility for maintaining the security of test materials, implementing the test procedures, and providing appropriate training for STCs and school administrators. DDOTs are to take particular care in reading all test administration materials. Additionally, DDOTs are to inform key instructional leaders, such as directors of instruction, directors of special education, and Title I and Title III coordinators, of testing policies, guidelines, and procedures. Any questions the DDOT has regarding the test administration are to be directed to the Pearson Support Center or the assessment staff at the Virginia Department of Education.

School Test Coordinator

Each school has designated a School Test Coordinator (STC). The STC serves as the point of contact between the school and the DDOT. The STC has school-wide responsibility for maintaining the security of test materials, implementing test procedures, and providing appropriate training for Examiners, Proctors, and other school personnel involved in the test administration. STCs are to take particular care in reading all test administration materials and informing all school staff of testing policies, guidelines, and procedures. Any questions the STC has regarding the test administration are to be directed to the DDOT.

Test Examiner

The Test Examiner (Examiner) is responsible for administering the tests according to the procedures outlined in the *Examiner's Manual* and for maintaining the security of test materials. Any questions the Examiners have regarding the test administration are to be directed to the STC.

Test Proctor

The Test Proctor (Proctor) works with the Examiner in administering the tests and assists in maintaining an appropriate testing environment. A proctor is also an observer who may be called upon to verify that students did not receive help on the tests, that the test was administered according to the procedures outlined in the *Examiner's Manual*, and that the security of materials was maintained. Any questions the Proctor has regarding the test administration are to be directed to the STC.

4. SPECIFIC DUTIES OF EXAMINERS: BEFORE TESTING

4.1 Read All Materials

Prior to the day of testing, carefully read this *Non-Writing Examiner's Manual*, your students' Individualized Education Programs (IEPs), 504 Plans, EL Assessment Participation Plans, and any local directions you have received. If you will be administering paper tests, you must also read the *Supplement to the Non-Writing Examiner's Manual*. The *Supplement* is only available in electronic format (PDF) and may be downloaded from the Virginia Department of Education website at:

www.doe.virginia.gov/testing/test_administration/index.shtml

Review the Examiner's/Proctor's Checklist (in the front of this manual) to make sure that you understand the activities before, during, and after the test administration and your duties and responsibilities. Resolve any questions you might have with your STC well in advance of the test administration.

4.2 Sign the *School Division Personnel Test Security Agreement*

Before you may administer any of the Spring 2022 SOL *Non-Writing* tests, you must read, understand, agree to adhere to, and sign the *School Division Personnel Test Security Agreement* (Appendix A). When you sign this document, you are agreeing to exercise necessary precautions and to follow established procedures that will help ensure the security of the content of all test materials.

4.3 Inform Students of Testing

Prior to the day of testing, make any necessary announcements about testing. You may want to remind students about the test schedule and the school/division's policy on cell phones/electronic devices. You may also tell them to bring something to read if they finish early.

4.4 Prepare Students for Testing

4.4.1 Resources for test preparation

Students should be familiar with their test's tools and materials and with the online test format before testing for the first time. VDOE test preparation resources are available for students, teachers, and Examiners to practice various functions of testing and to experience sample test items that are representative of the content and skills assessed on the tests. Contact your STC for information on accessing the VDOE testing preparation resources.

4.4.2 Pre-testing discussion regarding cell phones, electronic devices, and other unauthorized materials

Prior to testing, school staff should discuss with students the consequences of having access to cell phones, electronic devices, or other unauthorized materials during testing. The following information should be discussed with students:

Cell phones and other electronic devices: While in the testing room, students may not have access to cell phones or other electronic devices (including wearable technology) while any students are testing. Students who refuse to remove their cell phones or other electronic devices from their work area (such as from pockets, desktops, purses and backpacks stored within reach, etc.), will not be permitted to test until the device is secured (as local policy permits). After testing, students should not be allowed to go online and access the Internet or other applications as it may disrupt those still taking tests. Review the school division policy regarding cell phones and other electronic devices with the students.

Unauthorized materials: During testing, students should have access only to those materials permitted for the test they are taking. More information about the materials permitted for testing may be found in Section 4.9 of this manual. Students may not access any unauthorized materials during testing. Such materials include, but are not limited to: formula cards, class notes, course-content review materials, test-taking strategy reminders, notes, textbooks and other curriculum materials, "cheat sheets," unauthorized calculators, unauthorized formula sheets, extra highlighters, non-school issued scratch paper, fidget items, toys, reading material, etc.

4.4.3 Pre-testing discussion regarding cheating

Prior to testing, school staff should discuss with students the consequences of cheating. Specifically, students should be informed that if they are found to be cheating, they will receive a score of zero on the test. Students who are taking an end-of-course test in an attempt to earn a verified credit should also be notified that they will not be permitted to attempt the test again until the next test administration. In addition to these consequences, students should be informed of any local repercussions for cheating. Your STC will provide you with information regarding local policies on cheating.

4.5 Establish the Test Setting

In conjunction with your STC, arrange for appropriate physical conditions for testing. Be sure to consider any accommodations that are specified in students' IEPs, 504 Plans, or EL Assessment Participation Plans. For details regarding accommodations, refer to the *Examiner's Resource Guide: Non-Writing SOL Tests*, available on the VDOE Website:

https://www.doe.virginia.gov/testing/test_administration/index.shtml

- Testing rooms should be quiet, well lighted, set to an appropriate temperature, and well ventilated. Each student's work space should be clear of books and other materials not needed for the test and large enough to accommodate testing materials. Crowding should be minimized and the seating arranged to discourage students from copying or viewing one another's work. Students must not have access to cell phones or any other device or item that is capable of providing an unfair advantage, may be distracting to others, or items not authorized for testing. See Section 4.4.2. Students who are not taking the test are not permitted in the testing room/lab during the test session.
- Remove from the testing site or cover all curricular materials and materials related to test content and test-taking strategies that might influence student performance or provide an unfair advantage. These materials include, but are not limited to, class notes, study guides, maps, timelines, graphic organizers, charts, posters, projections, computer programs, textbooks, dry-erase board displays, chalkboard displays, or bulletin board displays.
- Remove from student access any items not approved for use during testing. These items include, but are not limited to: cell phones, any electronic device, formula cards, class notes, course-content review materials, test taking strategy reminders, notes, textbooks and other curriculum materials, "cheat sheets," unauthorized calculators, unauthorized formula sheets or paper *Periodic Table of the Elements*, extra highlighters, non-school issued scratch paper, fidget items, or toys.
- Placing physical barriers on both sides of the workstations is helpful in deterring students from looking at each other's computer screens.
- Placing a "TESTING: DO NOT DISTURB" sign on the door is helpful in deterring interruptions.

4.6 Verify the Use of Proctors and/or Procedures Used if Additional Assistance is Needed

If resources permit, it is recommended that teachers do not serve as Examiners or Proctors to their own students.

It is best that you supervise the testing of no more than 25–30 students on your own. If your group is larger, one Proctor present for every 25–30 **additional** students at the testing site is recommended.

Regardless of the size of your group, the STC should arrange to have another adult within calling distance so that an emergency, such as a student becoming ill, may be handled with minimal disruption. Students may not be left unattended for any length of time.

4.7 Be Aware of the Alternate Test Site

The assessments are not timed. Students who do not finish by the end of the allotted test administration time should be given additional time, up to the end of the school day. Students are **not** allowed, however, to complete the test after leaving, voluntarily or not, for any activity that would allow interaction with other students or access to any educational materials or electronic devices. **Students may have up to one school day to complete Single-Day tests or each portion of a 2-Day test.**

Consult with your STC prior to testing to understand the school's plan for students who test beyond the allotted test administration time, up to the end of the school day. Be prepared to move students who have not completed the test to an alternate testing site. Should this become necessary, be sure to maintain the security of secure materials (i.e., testing devices, Student Testing Tickets, test booklets, answer documents, all used and unused scratch paper, and audios, if applicable) for those students yet to complete the test. Students must not be permitted to discuss the test or course content in any way with anyone or have access to any educational materials, cell phones, or other electronic devices during the move. Once in the alternate site, return each student's own materials and resume testing.

4.8 Be Familiar with the Directions for Administering the Test

All directions that Examiners must read aloud to the students are in **bold type** so that they stand out from the rest of the text. This text must be read **exactly as written**, using a natural tone and manner. If a mistake is made in reading a direction, you should stop and say, **"No, that is wrong. I must read it to you again."** Then re-read the direction.

Other text is for your information and should not be read to students. It is essential that you become familiar with these instructions in this manual **before** test administration and that you follow them exactly as they appear.

You may mark up this manual in order to help deliver the directions to the students in the clearest possible way. However, directions may not be modified or deleted unless it is necessary due to accommodations specified in the student's IEP, 504 Plan, or EL Assessment Participation Plan. For example, the directions on how to select answers online or mark the answer document may be modified for students who have the accommodation of Examiner Records Responses (accommodation code 18).

Specific audio/read-aloud directions are contained in a gray box identified with the audio/read-aloud icons. Note the directions in the box may begin with a sentence in which the first part is in brackets: **[Read the sample question and each answer choice to yourself] as I read aloud.** The bracketed part has already been read to students, in the previous direction, and need not be re-read. The Examiner should continue with "... as I read aloud," keeping a natural flow to the voice. For example:

SAY Read the Sample A passage to yourself. (Pause.)

AUDIO/READ-ALoud TESTS (🔊 or 🎧)

SAY [Read the Sample A passage to yourself] as I read it aloud.

Mixed group testing. If students taking the test with the audio accommodation (using headphones) will be testing in the same room as students taking the test without the audio accommodation, you may read the audio/read-aloud test directions for the sample item to all students. Students administered a read-aloud test (an Examiner reads the test to the student) must be tested in a "read-aloud only" test room.

4.9 Review Materials Needed for Testing

Students should be familiar with the tools and materials needed for the test they will be taking.

It is essential that students be familiar with the online test format before testing for the first time. Students should have practiced using the Practice Items located on the TestNav Sign In screen and the Training Center tests.

4.9.1 Materials needed for paper testing

Refer to the *Supplement to the Examiner's Manual* for the lists of materials permitted on the Grade 3 tests in paper format.

4.9.2 Materials needed for online testing

Refer to the following tables for the lists of online tools available and their functions and hand-held materials needed for testing.

Table 1. Online Tools Available on the Grade 3 SOL Tests

SOL Test	Pointer	Answer Eliminator	Inch Ruler	Centimeter Ruler	Straightedge	Highlighter	Drawing Interaction
							
Grade 3 Reading CAT	✓	✓				✓	
Grade 3 Mathematics CAT	✓	✓	✓	✓	✓	✓	✓

Table 2. Online Tools, Features, Icons, and Descriptions of Functions

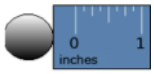

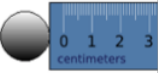

Tool Icon	Tool Name and Description
	Pointer —Use to select on screen and to place the cursor in an answer box, plot points, select one or more answers, and drag information from one location to another. When the pointer is moved into the toolbar, it turns into a hand with a pointing finger when placed over clickable resources.
	Answer Eliminator —Use to eliminate (cross off) answer options. This tool functions with multiple-choice questions and certain TEI items.
	Inch Ruler —Use to measure an object on screen.
	Centimeter Ruler —Use to measure an object on screen.
	Straightedge —Displays a straight line.
	Highlighter —Use to highlight text. Students cannot highlight art, pictures, images, or text when presented as art. There is no limit to the number of highlights a student can make within the test. To access the highlighter, the student selects text and selects the highlighter color. To remove the highlighted text, the student selects the highlighted text and selects the slash. Pink and blue are the two highlighter colors available when the background and foreground settings are set to the default (black text on white background). These colors may change when the background and foreground setting is changed.
	Tools Drop Down —when the student's test screen is zoomed (ctrl +) to a high level (500% or when the virtual width of the viewport is less than 480px), the tools drop down icon appears on the tool bar at the top of the screen. When the tools drop down icon is selected, most of the tools available for the test appear in a drop down under it.
	Drawing Interaction Tool —This tool only appears on questions where students may need a drawing tool to help solve the question. It is located to the right of the drawing interaction area. The individual tools are: <ul style="list-style-type: none">• pencil—student may select free draw or straight line• eraser—removes selected marks• color selector— marks may be black or green• mark thickness—two sizes for the thickness of marks are available• undo—removes the most recent mark• redo—reapplies the last mark removed• clear all—deletes all markings in the drawing interaction area

This mask must be selected for each passage or question after the student moves backward or forward in the test. To remove the line reader mask, in the dropdown the student selects <i>Hide Line Reader Mask</i>. The line reader mask screen shot is below:  • Enable Answer Masking—selecting this will place a mask over each multiple-choice answer choice (this is not available on TEI questions). The student may uncover an answer choice by selecting the gray box with the image of an eye. Once enabled, the answer mask will be present on all multiple-choice questions. To stop the answer choice masking, the student enters the dropdown menu and selects <i>Disable Answer Masking</i>. The answer masking screen shot is below:  • Sign out of TestNav—selecting this will bring up the Exit Test screen. The Exit Test screen permits the student to Exit the Test, or to Cancel the selection and return to the test.

- TestNav tools cannot be used to indicate answers to online test items. The Pointer  must be used to:
 - 1) select multiple-choice answers;
 - 2) place the cursor in a box in order to type an answer;
 - 3) plot points on a line, graph, or graphic;

- 4) select one or more answers; or
- 5) drag answers from one location to another.

Grade 3 *Reading* and *Mathematics* CATs—If the student uses a tool other than the Pointer to indicate his/her answer, the student will not be able to advance to the next question.

A Help menu for the TestNav tools is not available. During testing, if a student asks a question about a tool, you may use the Online Tools table provided in Table 2 and read the tool description to the student.

Table 3. Hand-Held Materials Permitted on the Online Grade 3 SOL Tests

Material Description
<p style="text-align: center;">Scratch Paper</p> <p>Scratch paper must be of a <u>single</u> color and <u>blank</u> (must not contain any words, numbers, symbols, labels, graphics, etc.). Acceptable scratch paper includes plain paper (no lines), lined paper, grid paper, sticky notes, and note cards. Students may not be issued any form of a graphic organizer, writing web, template, outline, enhanced scratch/grid paper (such as with added raised lines, some lines darker than others), etc. Students may be issued multiple sheets and multiple types of scratch paper; however, Examiners must keep track of all scratch paper distributed to students and ensure that it is all collected and accounted for before students are dismissed from the testing session. The STC may distribute the scratch paper to Examiners prior to testing or on the day of testing, or may instruct Examiners to provide their own scratch paper for testing sessions. All used and unused scratch paper must be returned to the STC.</p> <p>The use of patty paper, dry-erase markers, and transparencies is <u>not</u> permitted. Students may <u>not</u> trace images directly from the computer monitor. Students may <u>not</u> hold anything up to the computer monitor.</p> <p>Examples of acceptable grid/graph paper are posted on the VDOE website at:</p> <p style="text-align: center;">www.doe.virginia.gov/testing/test_administration/ancillary_materials/index.shtml</p>
<p style="text-align: center;">Writing Implements</p> <p>Each student may receive one pencil or one pen to use on the scratch paper.</p> <p>In addition to the pencil or pen, students may be provided <u>two</u> additional writing implements such as highlighters, colored pencils, or colored pens.</p> <p>The student may use the writing implements on the scratch paper.</p>
<p>NOTE: Students may not hold anything up to or over the testing device's screen. STCs may distribute the hand-held manipulatives to you prior to testing or on the day of testing.</p>

4.9.3 Accommodations

Before testing, appropriate staff should become familiar with special test accommodations specified in students' IEPs, 504 Plans, or EL Assessment Participation Plans. Accommodations and any required materials or equipment are described in detail in the *Examiner's Resource Guide: Non-Writing SOL Tests*. Appropriate staff should also be familiar with the following documents: *Students with Disabilities: Guidelines for Assessment Participation*, *Students with Disabilities: Guidelines for Special Test Accommodations*, and *Procedures for Determining English Learner Participation in the Virginia Assessment Program*, available on the Virginia Department of Education's website at:

www.doe.virginia.gov/testing/participation/index.shtml

- **Response Accommodations:** To meet any response accommodations specified in the student's IEP, 504 Plan, or EL Assessment Participation Plan, directions read aloud to students may be modified. For example, the directions on how to select answers online or

mark the answer document may be modified for students who have the accommodation Examiner Records Responses (accommodation code 18).

- **For Paper Tests:** The testing directions may be modified for students who do not enter their answers onto the answer document themselves. Such students indicate their answers in a different way (verbally, by pointing, by circling answers in the test booklet) according to the testing accommodations specified in their IEPs, 504 Plans, or EL Assessment Participation Plans. The Examiner then enters the student's choices onto the answer document.

The Examiner may omit the test directions pertaining to the student completing the information in Fields A, F, and G on the answer document and writing his/her name on the test booklet and prompt sheet. Before or after testing, the Examiner should complete Fields A, F, and G and write the student's name on his/her test booklet.

Examiners may modify the testing directions to reflect the accommodation. For example, the direction to fill in the circle on the answer document for the letter of the best answer may be modified to "circle the answer in your test booklet," "say your answer," or "point to the answer." Refer to the *Examiner's Resource Guide: Non-Writing SOL Tests* for the requirements for administering tests with accommodations.

- **For Online Tests:** The testing directions may be modified for students who do not enter their answers into TestNav themselves. Such students indicate their answers in a different way (verbally, by pointing) according to the testing accommodations specified in their IEPs, 504 Plans, or EL Assessment Participation Plans. The Examiner then enters the student's answers into TestNav.

Examiners may modify the testing directions to reflect the accommodation. For example, the direction for using the pointer tool to select the answer may be modified to "point to the answer" or "say your answer." The directions pertaining to navigation may be modified to "tell me if you want to go back to a previous question" or "point to the bookmark on the screen if you want a question bookmarked for review." Refer to the *Examiner's Resource Guide: Non-Writing SOL Tests* for the requirements for administering tests with accommodations.

- **Paper Audio Tests:** An audio test is not available for the Grade 3 *Reading* and *Mathematics* tests. Students who usually receive the audio form must be provided a read-aloud administration.
- **Online Audio Tests:** Students should have had practice using the audio tools with the text-to-speech controls by practicing on audio practice test item.
- **Read-Aloud for Grade 3 *Reading* and *Mathematics* CAT:** Test questions presented to students on a Computer Adaptive Test are selected by the computer based on the student's response to each question. Because the selection of test items is customized for each student, an Examiner/Proctor test cannot be created on a separate workstation. If the student requires a read-aloud administration of a Computer Adaptive Test, follow the Read-Aloud test guidelines in **Reading of Test Items Aloud—Information for all Assessments**, and, **Read-Aloud Guidelines for Computer Adaptive Tests (CAT)** located in the *Examiner's Resource Guide: Non-Writing SOL Tests*.
- **Interpreting/Transliterating CAT items:** Because the selection of test items is customized for each student, an Interpreter's/Transliterating's copy of the test cannot be created on a separate workstation. If the student requires interpretation/transliteration services on a Computer Adaptive Test, follow the interpreting/transliterating guidelines in **Interpreting/Transliterating Test Items (e.g., sign language, cued speech)—Information for ALL**

Assessments, and Interpreting/Transliterating Computer Adaptive Test (CAT) Items located in the *Examiner's Resource Guide: Non-Writing SOL Tests*.

- **Mixed-Group Testing:** Students taking an audio test (using headphones) may be tested in the same room as students taking the test without the audio accommodation. In this instance, the Examiner may read the audio/read-aloud test directions for the sample items to all students. Students administered a read-aloud test (an Examiner reads the test to the student) must be tested in a “read-aloud only” test room.
- **Braille Tests:** Examiners/Proctors responsible for monitoring students using braille tests should be familiar with the Braille Notes and Transcriber's Notes included in the Examiner's copy of the braille test. The Braille Notes list the differences between the braille test form and the corresponding Examiner's copy and are intended to help the Examiner answer any questions that a student may have regarding reading and interpreting items in the braille form. Transcriber's Notes provide information to the (braille) reader that is not readily apparent by reading the test item's text alone. If a student has a question pertaining to the Transcriber's Notes on his/her test, the Examiner can consult the Examiner's copy for assistance.
- **Large-Print Tests:** Examiners/Proctors responsible for monitoring students using large-print tests should be aware of font size variations that may appear on a student's test.
 - For all test item questions (stem) and answer options the font type is Tahoma and font size is 20 point.
 - All text, including, numbers, variables, labels and captions on graphs, pictures, diagrams, maps, charts, coordinate planes, equations, exponential numbers and letters, subscripts and superscripts, notes, and footnotes, are presented in 18–20 point type. Due to the complexity of graphics in some test items, some text embedded within graphics may be enlarged proportionally to the graphic rather than enlarged to 20 point in order to lessen the impact of reformatting the test items. The Special Forms Committee provides recommendations for items of this nature on an item-by-item basis.
- **Temporary Conditions:** Special test accommodations may be provided to students with a documented temporary condition, such as a broken arm or injured hand. Documentation of the temporary condition and necessary accommodations must be maintained in the student's school/division file. The STC should coordinate with the Examiner on how accommodations will be provided during the testing session. For further information, refer to the *Examiner's Resource Guide: Non-Writing SOL Tests*.

Audio Tools are available on the online audio Grade 3 *Reading* and *Mathematics* tests.

Students who are assigned an online “audio” Grade 3 *Reading* and/or *Mathematics* CAT will see the audio tools for the text-to-speech reader on the right side of the screen. The audio tools are available with the Samples. During testing, if a student asks a question about a tool, you may use Tables 4 and 5 to read the tool’s function and operation to the student.

Table 4. Audio Tools

		<p>The Stop button will only appear when the audio is playing. Selecting it stops the audio.</p>
		<p>Jump back—when selected, the audio will jump backward to a previous selection. Serves as a rewind.</p>
		<p>Skip Ahead—when selected, the audio will jump forward to the next selection. Serves as a fast forward.</p>
		<p>Toggle Click-to-Hear tool—this allows students to select where within the item the audio will begin.</p>

4.9.4 Testing Condition Adjustments Available to All Students

The following adjustments to the conditions under which the test may be administered are available to any student as needed. For further information refer to the *Examiner's Resource Guide: Non-Writing SOL Tests*, available on the VDOE Website:

https://www.doe.virginia.gov/testing/test_administration/index.shtml

- group size
- environmental modifications
- large diameter pencil, pencil grip
- assistance with directions
- student reading his/her own test out loud
- student requires a health management device
- student requires hearing aids with Internet-enabled device

4.10 Be Prepared for Student Breaks During Testing

The assessments are untimed, and ample time should be allotted for all students to complete the test prior to the end of the scheduled school day. To minimize interruptions during testing, make sure that all students have had an opportunity to visit the restroom and to get a drink of water before beginning the testing session. A break is permissible for any student who requires one during testing. Students who are still testing by lunch time may be given a lunch break. All breaks must be supervised, and test security must be maintained at all times during the break. The student must not be allowed to discuss the test or course content in any way with anyone. The student must not have access to any educational materials, cell phones, or other electronic devices during the break, and must not disrupt other students who are continuing to test. The student's test materials must not be accessible or viewable to other students. Student breaks must not be planned unless the accommodation is stipulated in the student's IEP, 504 Plan, or EL Assessment Participation Plan.

4.11 Verify Procedures for Student Break During the Grade 3 *Reading* and *Mathematics* Tests

Grade 3 *Reading* and *Mathematics* CATs—each test consists of two portions separated by the Section 3 screen that contains a seal code box. The Section 3 screens for both tests direct the student to raise his or her hand. A seal code is required for entry into the second half of the tests. If both portions of a test will be administered on the same day, a break between the portions will be an individual break for any student who requires one. A minimum amount of time for the individual break is not required. A “group” break, where the class takes a break together, is not permitted. The STC will notify Examiners/Proctors whether students will complete the Grade 3 *Reading* and *Mathematics* CATs in one day or over two days. The directions for the transition into the second portion are divided into two sets. Ensure the correct directions are read to students:

- **SINGLE-DAY TESTING**—Students will progress through the test at their own pace. If the students will complete both portions of the test on the same day, a break between the portions will be an individual break for any student who requires one. A “group” break, where the class takes a break together, is not permitted. Read the directions under Single-Day Testing.
- **TWO-DAY TESTING**—Students will progress through the first portion of the test at their own pace. If the students will complete each portion of the test on a different day, read the directions under Two-Day Testing.

5. SPECIFIC DUTIES OF EXAMINERS: THE DAY OF TESTING

5.1 General Directions for Administering an Online Grade 3 Test

5.1.1 Receive test materials

On the day of testing, you will receive all materials needed to administer the online tests. The STC will provide you the following materials:

- Student Testing Tickets
- Seal code, required for *Reading* and *Mathematics* CATs
- Test Session Roster (optional)
- Appropriate test manipulatives/materials
- Scratch paper

Refer to Section 4.9 for the correct manipulatives/materials required for the test.

The STC will ask you to initial a *Testing Ticket Transmittal Form and Affidavit for Examiners/Proctors* to verify your receipt of the test materials. The purpose of these forms is to track the secure materials throughout the test administration period. Be sure to count the number of test tickets you receive from the STC and ensure that you have a test ticket for each student listed on your session roster before you initial the form.

5.1.2 Check students’ work areas

Ensure that all desks/workstations are clear of books and other materials not needed for the test. Have students place book bags and other materials away from the desks/workstations. **Ensure that students do not have access to cell phones, electronic devices, or other unauthorized materials during testing.**

5.1.3 Understand navigating in TestNav 8

Examiners and Proctors should understand how to navigate in TestNav 8 so they can assist students who experience difficulty navigating either component of the test. Examiners and Proctors may practice navigating in TestNav by using a Training Center practice test and practice tests accessed from the TestNav Sign In screen.

Contact your STC for assistance accessing VDOE training resources. For navigating information, refer to the *Examiner's Resource Guide: Non-Writing SOL Tests*, available on the VDOE Website:

https://www.doe.virginia.gov/testing/test_administration/index.shtml

5.1.4 Be prepared to resume a student's test

Verify with your STC the procedures you should follow to resume a test if a student inadvertently exits the test or loses connectivity before submitting the test.

5.1.5 Be prepared to report test item errors on the assessments

If, during the testing session, a student reports that a test question and/or answer choice contains an error, you should record the name of the student, subject area, test level, format (online, paper, or CAT), question number, and a brief statement describing the student's concern. However, under no circumstances should the test question or answer choices be written down or discussed with the student or with other staff members. Tell the student that the concerns will be reported. The student may continue with the test; you may tell the student to **"Read the question carefully and choose the best answer."** Notify the STC of the student's concern, and the STC will, in turn, contact the DDOT. Do not communicate information related to the test questions and/or answer choices through electronic mail or in any other manner that will jeopardize the security of the test item.

5.1.6 Be prepared to handle testing irregularities

A testing irregularity is any occurrence during a test administration that meets one or more of the following criteria:

- inappropriately influences student performance;
- inappropriately influences the reporting of student performance;
- constitutes a breach in test security; or
- results in the improper implementation of mandatory student testing.

Any testing irregularities must be reported **immediately** to your STC. Prior to testing, it is important to understand your school and division's protocol for reporting testing irregularities. Your STC will discuss the procedures with you. All testing irregularities must be recorded as directed by your STC. The *Test Irregularity Form* in Appendix E may be used to document an incident.

Examples of testing irregularities include, but are not limited to:

- while testing, a student becomes ill or leaves the testing room unescorted;
- during testing, a student accesses or has access to a cell phone or other electronic device, notes, study guide, etc.;
- during testing, a student is observed cheating;
- while testing, students are interrupted by PA announcements, alarm system, or drills;

- an Examiner, Proctor, teacher, or other person provides improper assistance to a student;
- anyone who has not signed the *School Division Personnel Test Security Agreement* enters the testing room while secure test materials are exposed;
- testing accommodations specified in a student's IEP, 504 Plan, or EL Assessment Participation Plan are not provided;
- a student is provided an accommodation that is not specified in her/his IEP, 504 Plan, or EL Assessment Participation Plan;
- a student is provided an inappropriate manipulative for the test;
- a student's test booklet, writing prompt, or used answer document is missing; and
- any unused test ticket, test booklet or writing prompt is missing.

If you question whether an incident in the test room is an irregularity, discuss it with your STC.

5.2 Specific Directions for Administering the Online Grade 3 Reading CAT

Grade 3 Reading CAT

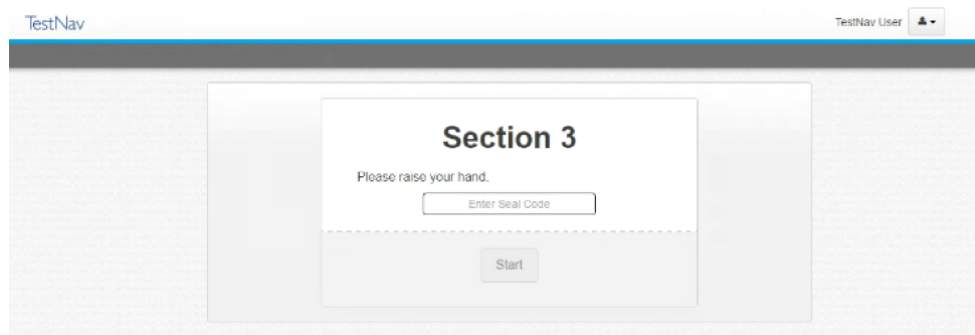

Grade 3 Reading CAT Sections

The Grade 3 *Reading* CAT consists of three sections in TestNav:

- Section 1—consists of the sample questions only.
- Section 2—contains the questions to the first half of the test.
- Section 3—contains the Seal Code Screen and the questions to the second half of the test.

Section 3, Break, and Seal Code

The Grade 3 *Reading* CAT has a break between the two portions of the test. A screen announcing Section 3, directing the student to raise his or her hand and showing a seal code box, will appear:

- Prior to testing, you should know whether the two parts of your school's Grade 3 *Reading* CAT will be administered on the same day or over two days.
- If the test will be administered on the same day, an individual break during testing is permissible for any student who requires one. A minimum amount of time for the individual break is not required. A "group" break, where the class takes a break together, is not permitted.
- If students will complete the second portion of the test on a different day than the first portion, students must *Sign out* of TestNav from the Section 3/Seal Code screen. Directions for signing out of the test are provided in the Testing Directions.
- When the student is ready to proceed to the second half of the test, the student will enter a Seal Code provided by you and select the *Start* button.

Once you and the students enter the testing room, all instruction and/or review of the content covered by the test or discussion of testing strategies must stop. Check the test room to ensure it has been prepared for testing as described in Section 4.5.

NOTE: The testing directions may be modified for students who do not enter their answers into TestNav themselves. Such students indicate their answers in a different way (verbally, by pointing) according to the testing accommodations specified in their IEPs, 504 Plans or LEP Student Assessment Participation Plans. You may modify the testing directions to reflect the accommodation. For example, the direction for using the pointer tool to select the answer may be modified to "point to the answer" or "say your answer," or the directions pertaining to navigation may be modified to "tell me if you want to go to the next question." For further information about administering tests with accommodations, refer to the *Examiner's Resource Guide: Non-Writing SOL Tests*.

SAY Today you will be taking the Grade 3 *Reading* test.

Please check your work area. You should only have the materials that are allowed for this test. All cell phones, electronic devices, books, and other personal and school materials must be removed during all tests.

Ensure that unauthorized materials (backpacks, books, papers, cell phones, electronic devices, etc.) have been removed from the students' work area and are inaccessible to students. Refer to Sections 4.4.2 and 4.4.3 for details.

SAY I am going to give each of you your Student Testing Ticket and scratch paper. Do not do anything else until I tell you what to do.

Distribute Student Testing Tickets, scratch paper, and approved test materials as listed in Section 4.9.2, to the students. Ensure the name on the Student Testing Ticket matches the student who receives it. If students, within a test session or in the school, have the same first and last names, the testing student's identity, test assignment, and Student Testing Ticket information with the student's name and date of birth must be verified before test log in. The materials may be handed out singly or as a "kit." Remember, all scratch paper distributed, whether used or not, used must be accounted for and returned to the STC at the end of testing. Ensure that students also have any needed materials or supplies required for accommodations.

SAY Look at the Student Testing Ticket you received. Raise your hand if your name is not on the test ticket.

Pause. Ensure each student has his/her specific test ticket. You may instruct students to sign their test tickets and enter their testing device ID if directed to do so by the STC. For example:

[After you have made sure the ticket is yours, sign the ticket and enter your testing device ID.]

Sign In Information

You may skip the following directions if the TestNav sign in screen is displayed on the testing devices' screens when the students enter the room.

SAY Select the TestNav app on your testing device.

The TestNav Sign In box will appear on your screen.

You may assist the students with locating the TestNav app on their testing device.

Students should see the following Virginia Sign In screen before proceeding. Please stop and ask the STC for assistance if a different screen appears.

TestNav

Test Audio

Virginia Practice Items

Read for all online Audio tests only

You may skip the following directions if the volume has been set for the student's testing computer/device.

SAY In the TestNav Sign In box, locate the Test Audio link below the *Sign In* button. When I tell you to do so, put on your headphones and select this link. You should hear a “ringing bell.” Use this sound to set a comfortable volume for your headphones. When you have finished setting the volume, take off your headphones. If you need assistance, please raise your hand.

Now, put on your headphones and set the volume.

Assist students as necessary. When students have finished setting the volume for their audio tests, ensure they have removed their headphones and continue with the Sign In process.

SAY Enter your username and password into the Sign In screen exactly as they appear on your test ticket.

Then select the *Sign In* button.

Pause while students locate their login information from their test ticket and type it into the fields on the testing device.

Assist students who are having problems with the sign in process. Ensure that students are entering their username and password exactly as they appear on their Student Testing Tickets. For students having trouble entering their password, you may have the student select the “eye” icon to verify the student's password as it is typed. When all students have signed in, continue with the directions below.

SAY Listen carefully as I read the directions for taking the test.

SAY Your screen should say: “Welcome.” and list your name. If the name appearing on your screen is not yours, raise your hand.

Pause. All students should verify that their name appears on the screen. You should verify that the student name on the student's testing device's screen matches the student sitting at the workstation. Notify the STC immediately if the student and the name on the screen do not match.

SAY Select the *Start* button. (Pause for students to access the next screen.)

SAY The Section 1 screen appears. On this screen, select the *Start* button.

Pause for students to access the first test sample screen. Only the sample items are in Section 1.

SAY The Sample A item should appear on your screen.

Read for Audio Tests Only 

SAY On each test item, the audio buttons will appear on the right side of the screen. The buttons will start and stop the audio. Selecting the *Settings* wheel  will allow you to control the speed and volume of the audio. Be sure you can find the audio buttons on your screen. If you do not see the buttons, raise your hand.

You may assist the student with locating the text-to-speech audio buttons. Refer to Tables 4 and 5 in Section 4.9.2 for information regarding the audio buttons. If they are not visible on the student's screen, ask the STC for assistance. The STC will need to verify that the correct form was assigned to the student. If the buttons are visible on the sample item, continue with the directions below.

SAY Put on your headphones and select the *Play* button  to hear Sample A. Then remove your headphones.

Pause while students select the button and access the sample item. After the students have heard the sample and have removed their headphones, continue with the directions

Read for All Non-Audio Tests (Including Read-Aloud)

SAY Read the Sample A passage to yourself.

Read for Read-Aloud Tests Only 

SAY [Read the Sample A passage to yourself] as I read it aloud.

Pause while students find the sample passage.

SAY *“Aunt Jackie’s Ring. For Mary’s birthday, her aunt gave her a ring that was more than 100 years old. “Take good care of it,” her aunt warned. Mary did exactly that, until one day she looked down at her hand and noticed that the ring was gone.*

“Aunt Jackie is going to be so disappointed in me,” thought Mary. Then Mary remembered she put the ring in her pocket when she washed her hands at the sink. “Thank goodness!” Mary said to herself. After that, she never took off Aunt Jackie’s ring again.

SAY Now read the Sample A item and each answer choice to yourself as I read aloud:

Sample A. *What is the conflict in the story? (A) Mary receives a very old ring... (B) Mary washes her hands... (C) Mary thinks her aunt will be upset... (D) Mary thinks she has lost her ring.*

Pause.

SAY Select the best answer.

Wait for students to select their response.

SAY Which answer did you choose?

Pause for replies.

SAY The best answer is “D.” Select the letter “D.”

In this test, you must provide a response for every test question. Once you provide a response to the question, the *Right Navigation Arrow*  will activate. Selecting the *Right Arrow* takes you to the next question. Select the *Right Arrow* to view Sample B.

You will notice that this question is not a multiple-choice question. For this item, you must use the *Pointer*  to drag the answers to the correct boxes. Notice that there are directions to this question that contain information on how to answer the question. Always read the directions before answering the question.

Read for Audio Tests only 

SAY Put on your headphones and select the *Play* button to hear Sample B. Then remove your headphones.

Pause while students select the button and access the sample item. After the students have heard the sample and have removed their headphones, continue with the directions.

Read for all Non-Audio Reading CATs (Including Read-Aloud)

SAY Read the directions, sentences, and answer choices to yourself as I read them aloud.

Directions: Drag the answers to the correct boxes. Sample B. Complete these sentences. A box. At the beginning of the story, Mary feels, empty box. At the end of the story, Mary feels, empty box.

Gray box from top to bottom: selfish, happy, lazy, upset, curious.

SAY Select the best answers. (Pause)

SAY Which two words did you select?

Pause for answers.

SAY The correct answers are “upset” and “happy”.

Are there any questions on how to enter an answer?

Answer only questions related to the mechanics of indicating a response or navigating on the screen. You must not answer any questions pertaining to the content of the test item.

SAY On some passages you may need to use the scroll bar to see the rest of the passage.

The tools you can use for this test are on the toolbar at the top of your screen. The Pointer tool must be used to select your answers for all questions.

This test consists of reading passages and their sets of questions. When you are in a passage set and after you have answered at least two questions, the *Review* button , *Bookmark* button , and both navigation arrows  become available for you to use only within that passage set.

DIRECTIONS FOR ADMINISTERING THE SECOND PORTION OF THE GRADE 3 *READING* CAT ON THE SAME DAY AS THE FIRST PORTION.

As students raise their hands, indicating they have completed Section 2, the first half of the test, make sure that students do not **Sign out** of TestNav at the Section 3/Seal Code screen. If a student indicates he/she requires a break, the break must be supervised. Test security must be maintained at all times during the break. The student must not be allowed to discuss the test in any way, must not have access to any educational materials, cell phones, or other electronic devices during the break, and must not disrupt other students who are continuing to test. The student's test materials must not be accessible or viewable to other students. A minimum amount of time for the individual break is not required.

WARNING: If a student **Signs out** of the test, the test appears as Exited and must be resumed on the Session Details screen in PearsonAccess^{next}. Then the student must log back into TestNav using the Student Testing Ticket.

Ensure the student has his/her own scratch paper and test ticket. When the student is ready to begin the second half of the Grade 3 *Reading* CAT (Section 3), read the directions below.

SAY You will now begin the second part of the *Reading* test.

When you finish the last question of the test and select the **Right Arrow**, the End of Section 3 screen will show the message, “Congratulations! You have finished!”

Stop on this screen and raise your hand. Do NOT select the **Submit Final Answers** button without permission from me [or the Proctor]. After I watch you submit your test, and collect your test ticket and other test materials, do not access any other program, application, cell phone, or other electronic device while in the testing room.

Read for all online Audio tests: 

SAY Enter this code into the box _____. Then select the **Start** button. (Pause.)

SAY The transition screen says, “Passage and Questions.” Select the **Right Arrow** button to see the passage. Find the audio buttons on your screen. You may put on your headphones, select the play button, and start working.

SAY Enter this code into the box _____. Then select the **Start** button. You may start working.

Read the Seal Code quietly to the student. Ensure the student enters Section 3 successfully. Monitor the students carefully. Refer to Section 5.2.1 for guidance monitoring students and answering questions. An individual break is permissible for any student who requires one during testing. Refer to Section 4.10. Refer to Section 5.2.2 for information regarding the test submit process and closing TestNav.

DIRECTIONS FOR ADMINISTERING THE SECOND PORTION OF THE GRADE 3 *READING* CAT ON A DIFFERENT DAY THAN THE FIRST PORTION.

DAY ONE: Students complete the first half of the test, Section 2, and from the Section 3/Seal Code screen ***Sign out*** of TestNav to Exit the test.

As students raise their hands, indicating they have completed the first half of the test, Section 2, their workstation should show the Section 3/Seal Code screen. Use the directions below with each student to ***Sign out*** of TestNav and Exit the test.

SAY Now you need to ***Sign out*** of the test. First, look at the top right of the screen, next to your name, select the ***User Drop Down Menu*** button . At the very bottom of the menu, select “***Sign out of TestNav.***”

Select the ***Save and Return Later*** button.

Watch the student as he/she makes the selections to sign out of TestNav.

Once the students have ***Signed out*** of TestNav and have exited their tests, you should collect their test ticket and all used and unused scratch paper. You may keep each student’s test ticket and scratch paper together for when you have to re-distribute them for the second part of the test. All materials should be collected from each individual student rather than passed up or down the rows of workstations. All test materials must be collected from the students and kept secure as instructed by the STC. Ensure that you have accounted for all of the scratch paper distributed to students. Students may be dismissed from the testing room or may sit quietly or read while others finish testing.

SAY Do not access any other program, application, cell phone, or other electronic device while in the testing room.

Remember that SOL tests are untimed. Allow those students who have not finished the first part to continue working. You may move these students to an alternate test area. Should this become necessary, have the students ***Sign out*** of TestNav. Be sure to collect and account for all test materials, including Student Testing Tickets and all used and unused scratch paper, before the students are moved to the alternate test area. Test materials must be kept secure while students are moved. Do not allow students to discuss the test in any way or have access to any educational materials or electronic devices during the move.

For students who are moved to an alternate test area, their online tests will have to be *Resumed* by the STC or test administrator on the Session Details screen in PearsonAccess^{next} prior to them being able to use their test tickets to log into the test again. When these students have finished the first part of the test, have them ***Sign out*** of TestNav in order to conclude them on another day.

All test materials must be collected from the students and kept secure as instructed by the STC.

Distribute Student Testing Tickets, scratch paper, and approved test materials as listed in Section 4.9.2 to the students. Ensure the name on the Student Testing Ticket matches the student who receives it. If students, within a test session or in the school, have the same first and last names, the testing student's identity, test assignment, and Student Testing Ticket must be verified before test log in. The materials may be handed out singly or as a "kit." Remember, all scratch paper distributed, whether used or not, must be accounted for and returned to the STC at the end of testing. Ensure that students also have any needed materials or supplies required for accommodations.

SAY Look at your test ticket. Your name should appear next to Student Name. If you do not have your test ticket, please raise your hand.

Pause. Make sure each student has his/her specific test ticket. You may instruct students to sign their test tickets and enter their testing device ID if directed to do so by the STC. For example:

[After you have made sure the ticket is yours, sign the ticket and enter your testing device ID.]

Sign In Information

You may skip the following directions if the TestNav sign in screen is displayed on the testing devices' screens when the students enter the room.

SAY Select the TestNav app on your testing device.

The TestNav Sign in box will appear on your screen.

You may assist the students with locating the TestNav app on their testing device.

SAY You should be on the Section 3 screen. If you do not have a Section 3 on your screen, raise your hand.

All students should be on the Section 3/Seal Code screen where they previously **Signed out** of TestNav. Do not permit a student who is not on the Section 3/Seal Code screen to continue testing. You must notify the STC immediately. If necessary, the STC may need to contact the DDOT who may need to contact VDOE.

SAY You will now begin the second part of the *Reading* test. Like the first half of the test, this half has reading passages and sets of questions. Screens will appear when you are about to enter a passage set. Read the message screens carefully. Raise your hand if you have a question about any of the message screens when they appear. Are there any questions?

On some passages you may need to use the scroll bar to see the rest of the passage.

You may have as much time as you need today to complete this part of the test, but do not spend too much time on any one question. You may use your scratch paper and the tools at the top of your screen. However, you must use the Pointer tool  to answer the questions and move through the test. If you use another tool by mistake, you will not be able to go to the next item. You may NOT hold anything up to or over the screen.

SAY When you finish the last question of the test and select the *Right Arrow*, the End of Section 3 screen will show the message, “Congratulations! You have finished!”

Stop on this screen and raise your hand. Do NOT select the *Submit Final Answers* button without permission from me [or the Proctor]. STRUGGLING ELs

As you are monitoring students, be especially observant of ELs who appear to be struggling with reading the test items. Testing may be discontinued after an EL has had sufficient time to answer items on the *Reading* test and indicates that he/she is unable to complete any more items. After the student has indicated verbally or non-verbally that he or she is unable to respond to any more test items.

SAY If you have completed as many items as you can, you may stop now. You need to *Sign out of the test*. First, look at the top right of the screen, next to your name, and select the *User Drop Down Menu* button. At the very bottom of the menu, select “Sign out of TestNav.” Select the *Save and Return Later* button.

You may [sit quietly or read if you wish or you will be dismissed to class].

Collect the student’s testing ticket and all other test materials. After testing, the Examiner/Proctor should notify the STC of the need to discontinue testing for the EL student. The STC should notify the DDOT. The DDOT, or designee, will need to mark this *Exited* test complete. If the student answered less than five questions, not including the samples, the test will be alerted, and a testing status must be applied. If the student answered five or more questions, no testing status is to be applied.

5.2.1 Monitoring the Test and Answering Student Questions

- **Examiner/Proctor monitoring.** During the test administration, you must monitor the testing process by moving as unobtrusively as possible about the room. You must not engage in other activities that would interfere with monitoring. Such activities include, but are not limited to: reading, grading papers, using electronic devices, etc. Students may not be left unattended for any length of time.
- **Student access to unauthorized materials.** You should ensure that students are working independently and do not have access to unauthorized materials, cell phones, or any other electronic devices in the testing room while any students are testing. Immediately notify the STC if a student accessed or had access to a cell phone, electronic device, or other unauthorized material that could provide an unfair advantage while any students were testing. **If the student is testing at the time of the discovery of the cell phone, electronic device, or unauthorized material, the student may not be permitted to continue testing. The test must be placed in Exited status and moved to an irregularity session, and the STC must notify the DDOT immediately if test security may be compromised.** The STC must submit an irregularity to the DDOT providing the details about the incident.
- **Examiner/Proctor reviewing test items.** Before, during, or after testing, you must not spend time reading any test items, creating any type of answer key to the test items, copying test items or portions of test items, taking notes about test items, recording student responses to test items, reading/reviewing student drafts, or discussing test items with anyone. (You may report a problem with a test item to their STC. Refer to Section 5.1.5 for guidelines.)
- **Examiner/Proctor providing help.** Help must not be given on any test items. Examples of prohibited help include, but are not limited to: pronouncing words, rewording the question, providing hints and clues, giving reminders, and/or giving verbal indications or non-verbal cues about the correctness of a student’s answer. Test questions or portions of the question

may not be read to students unless specified by their IEPs, 504 Plans, or EL Assessment Participation Plans. If, after testing is complete, a student asks to discuss a question, the Examiner, Proctor, or teacher should remind the student that the test questions cannot be discussed.

- **Examiner/Proctor prompting students.** You must not prompt the student to go back to any specific questions such as any *Bookmarked*. If you notice the student left questions *Bookmarked*, you may only tell the student to “**Read the screen carefully.**”
- **Examiner/Proctor navigating a student’s test.** You must not navigate any portion of the test for the student. This includes, but is not limited to: moving between questions, moving from the Review dropdown to *Bookmarked* questions, and exiting or submitting the test.
- **Questions about the test items.** If a student asks a question during the test about a test item, the student should be told, “**Read it carefully and choose the best answer.**” Help must not be given on any test items. Refer to the previous bullets regarding prohibited help.
- **Assistance with TestNav Tools.** If the student requests a description or the function of a tool, you may read the specific tool’s description to the student from Table 2 in Section 4.9.2.
- **Assistance with audio tools:** If a student requests assistance with an audio tool, you may read from Tables 4 and 5 in Section 4.9.2 to provide the tool’s function and operation to the student.
- **Assistance with navigating.** If a student needs assistance navigating the test, the Examiner/Proctor may provide directions to the student, such as:
 - “**To move to the next question, select the *Right Arrow*.**”
 - “**To go back to a previous question within a passage set, select the *Left Arrow*.**”
 - “**To go back to a question from the *Review* dropdown within a passage set, select the question’s number.**”
 - “**To submit your test, select the *Submit Final Answers* button.**”

For assistance with navigating the CAT in TestNav, refer to Section 5.1.3.

- **Assistance with transition/message screens.** If a student asks a question about the transition/message screens that appear before/after the passage set of questions or has difficulty navigating the transition/message screens, the Examiner/Proctor may use the information at the beginning in Appendix B to assist the student with understanding and/or navigating the screens.
- **Assistance with the zoom feature.** If a student needs assistance zooming in or out or returning the screen to the default screen size, you may provide directions to the student:

On a PC or Chromebook:

- “**To zoom in, press the CTRL and + keys at the same time.**”
- “**To zoom out, press the CTRL and – keys at the same time.**”
- “**To return to the default screen size, press the CTRL and 0 keys at the same time.**”

On a Mac:

- “**To zoom in, press the CMD and + keys at the same time.**”
- “**To zoom out, press the CMD and – keys at the same time.**”
- “**To return to the default screen size, press the CMD and 0 keys at the same time.**”

On a touch screen device:

“To zoom in, touch two points on the screen, and then move your fingers away from each other.”

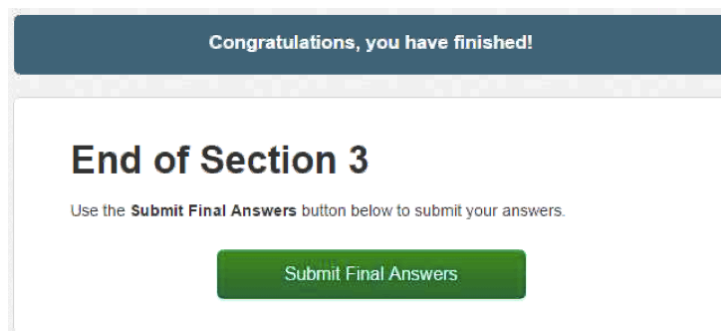

“To zoom out, touch two points on the screen, and then move your fingers toward each other.”

- **Students leaving the testing room during the test.** Students may not leave the testing site and subsequently return to finish the test unless they are closely monitored. Students may not discuss the test or any test items with anyone. Students must not be allowed to interact with each other or any other students in any way, or have access to any educational materials or electronic devices while out of the test room.
- **Students moving to an alternate test room.** If students are moved to an alternate testing site to complete their tests, their testing materials must be collected by the Examiner or Proctor prior to the move. Students must not be permitted to discuss the test or course content in any way with anyone or have access to any educational materials, cell phones, or other electronic devices during the move. Once in the alternate site, return each student's own materials and resume testing.
- **Reporting an error with a test item.** If the student reports there is an error with a test question or answer choice, you should record the name of the student, subject area, test level, format (online or paper), question number, and a brief statement describing the student's concern. However, under no circumstances should the test question or answer choices be written down or discussed with the student or with other staff members. Tell the student that the concerns will be reported. The student may continue with the test; you may tell the student to, **“Read the question carefully and choose the best answer.”** Notify the STC of the student's concern.
- **Cheating.** The Examiner must immediately notify the STC if a student is found cheating on the test. **If the student is testing at the time of the discovery of cheating, the student must not be permitted to continue testing. The test must be placed in *Exited* status and moved to an irregularity session.** The STC must notify the DDOT immediately if test security may be compromised. The STC must submit an irregularity to the DDOT providing the details about the incident. If the school division makes the determination that a student cheated, the student is not eligible for a retest during the current administration. If the test was an EOC SOL test required for verified credit, the student may retest during the next regularly scheduled administration. The STC/DDOT must invalidate the test and the student will receive a score of “0.” The student's test record will note the student cheated on the test.
- **Student Inactivity.** If you observe an inactive student during testing, you may ask the student, **“Are you finished with your test?”** If the student responds “No,” then you may say, **“You need to continue working on your test.”** If the student responds, “Yes,” then you should direct the student through the Submit process. After two hours of inactivity, TestNav will automatically *Exit* the student's test. Contact the STC to *Resume* the student's test. Refer to the Troubleshooting section in Appendix B for details.
- **Troubleshooting some testing issues.** Refer to Appendix B for guidance with troubleshooting some testing issues such as: the student should have an audio test but does not, the student answered the question but the Next arrow does not appear, the student cannot enter a specific character into a TEI answer box, etc.

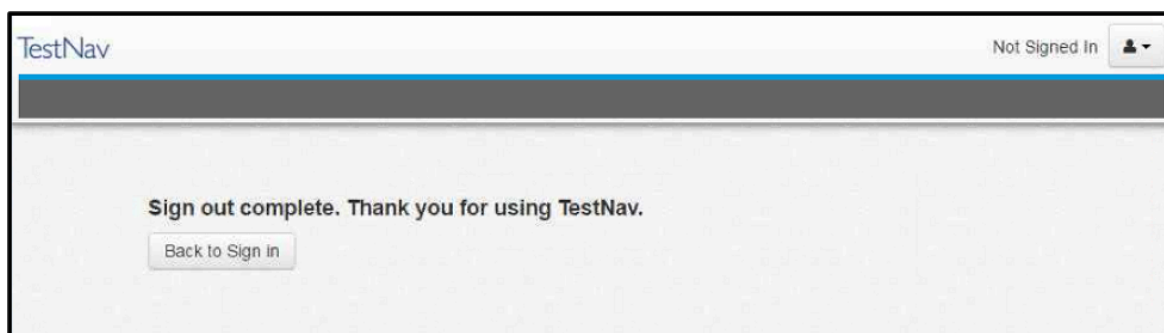

5.2.2 Examiner/Proctor Directions for Submitting the Test

When a student raises his/her hand and is ready to submit the test, you must go to the student's workstation to give permission for the student to submit the test.

- The student should be on the End Test screen which displays the message, “Congratulations, you have finished!” Refer to the following screen shot.

- The student should be directed to select the green button: *Submit Final Answers*.
 - Selecting this button submits the students test for scoring. A screen appears with the message, “Sign out complete. Thank you for using TestNav.” Refer to the screen shot below.

Students should leave this screen showing until either dismissed from the test room or their testing device is shut down. This prevents students from accessing software applications or the Internet and disrupting those still testing.

- **NOTE:** Students should not be allowed to go online and access the Internet or other applications, as it may cause an irregularity by disrupting those still taking tests. Students may not access cell phones or other electronic devices while any students are testing. Students may be dismissed from the testing room or permitted to read quietly. You may tell the student:

[If students will be staying in the classroom, **SAY: You may sit quietly or read if you wish.**]

[If students will be dismissed individually back to class, **SAY: You will be dismissed to class.**]

- As students finish testing, collect test materials (i.e., Student Testing Ticket and all used and unused scratch paper) from each individual student. Do not have students pass materials up or down the rows of workstations. Be sure to account for all test materials, including Student Testing Tickets and all used and unused scratch paper. You must ensure that all sheets of scratch paper distributed to each student are collected and accounted for before students are moved to an alternate test site or dismissed from the test session. All used and unused scratch paper must be returned to the STC. After the test session is over, return all test materials to the STC as specified in Section 6. Test materials must be kept in a secure location until returned to the STC.

5.3 Specific Directions for Administering the Online Grade 3 *Mathematics* CAT

Grade 3 *Mathematics* CAT

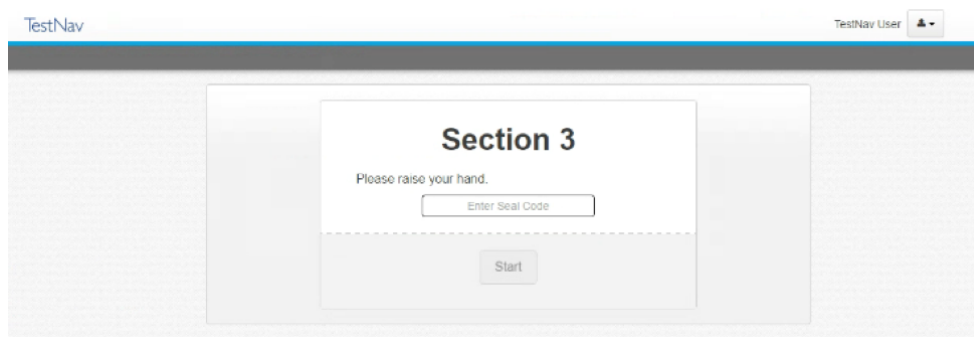

Grade 3 *Mathematics* CAT Sections

The Grade 3 *Mathematics* CAT consists of three sections in TestNav:

- Section 1—consists of the sample questions only.
- Section 2—contains the questions to the first half of the test.
- Section 3—contains the Section 3/Seal Code Screen and the questions to the second half of the test.

Section 3, Break, and Seal Code

The Grade 3 *Mathematics* CAT has a break between the two portions of the test. The break occurs when a screen appears showing Section 3, and directions telling the student, “Please raise your hand,” and showing a seal code box:

- Prior to testing, you should know whether the two parts of your school's Grade 3 *Mathematics* CAT will be administered on the same day or over two days.
- If the test will be administered on the same day, an individual break during testing is permissible for any student who requires one. A minimum amount of time for the individual break is not required. A “group” break, where the class takes a break together, is not permitted.
- If students will complete the second portion of the test on a different day than the first portion, students must *Sign out* of TestNav from the Section 3/Seal Code screen. Directions for exiting the test are provided in the Testing Directions.
- When the student is ready to proceed to the second half of the test, the student will enter a Seal Code provided by the you and select the *Start* button.

Once you and the students enter the testing room, all instruction and/or review of the content covered by the test or discussion of testing strategies must stop. Check the test room to ensure it has been prepared for testing as described in Section 4.5.

NOTE: The testing directions may be modified for students who do not enter their answers into TestNav themselves. Such students indicate their answers in a different way (verbally, by pointing) according to the testing accommodations specified in their IEPs, 504 Plans, or EL Assessment Participation Plans. You may modify the testing directions to reflect the accommodation. For example, the direction for using the Pointer tool to select the answer may be modified to “point to the answer” or “say your answer,” or the directions pertaining to navigation may be modified to “tell me if you want to go to the next question.” For

further information about administering tests with accommodations, refer to the *Examiner's Resource Guide: Non-Writing SOL Tests*.

SAY Today you will be taking the Grade 3 *Mathematics* test.

Please check your work area. You should only have the materials that are allowed for this test. All cell phones, electronic devices, books, and other personal and school materials must be removed during all tests.

Ensure that unauthorized materials (backpacks, books, papers, cell phones, electronic devices, etc.) have been removed from the students' work area and are inaccessible to students. Refer to Sections 4.4.2 and 4.4.3 for details.

SAY I am going to give each of you your Student Testing Ticket and scratch paper. Do not do anything else until I tell you what to do.

Distribute Student Testing Tickets, scratch paper, and approved test materials as listed in Section 4.9.2 to the students. Ensure the name on the Student Testing Ticket matches the student who receives it. If students, within a test session or in the school, have the same first and last names, the testing student's identity, test assignment, and Student Testing Ticket information with the student's name and date of birth must be verified before test log in. The materials may be handed out singly or as a "kit." Remember, all scratch paper distributed, whether used or not, used must be accounted for and returned to the STC at the end of testing. Ensure that students also have any needed materials or supplies required for accommodations.

SAY Look at the Student Testing Ticket you received. Raise your hand if your name is not on the test ticket.

Pause. Ensure each student has his/her specific test ticket. You may instruct students to sign their test tickets and enter their testing device ID if directed to do so by the STC. For example:

[After you have made sure the ticket is yours, sign the ticket and enter your testing device ID.]

You may keep each student's test ticket and scratch paper together for when you have to re-distribute them for the second portion of the test. All materials should be collected from each individual student rather than passed up or down the rows of workstations. All test materials must be collected from the students and kept secure as instructed by the STC. Ensure that you have accounted for all of the scratch paper distributed to students. Students may be dismissed from the testing room or may sit quietly or read while others finish testing.

SAY Do not access any other program, application, cell phone, or other electronic device while in the testing room.

Remember that SOL tests are untimed. Allow those students who have not finished the first part to continue working. You may move these students to an alternate test area. Should this become necessary, have the students ***Sign out*** of TestNav. Be sure to collect and account for all test materials, including Student Testing Tickets and all used and unused scratch paper, before the students are moved to the alternate test area. Test materials must be kept secure while students are moved. Do not allow students to discuss the test in any way or have access to any educational materials during the move.

5.3.1 Monitoring the Test and Answering Student Questions

- **Examiner/Proctor monitoring.** During the test administration, you must monitor the testing process by moving as unobtrusively as possible about the room. You must not engage in other activities that would interfere with monitoring. Such activities include, but are not limited to: reading, grading papers, using electronic devices, etc. Students may not be left unattended for any length of time.
- **Student access to unauthorized materials.** You should ensure that students are working independently and do not have access to unauthorized materials, cell phones, or any other electronic devices in the testing room while any students are testing. Immediately notify the STC if a student accessed or had access to a cell phone, electronic device, or other unauthorized material that could provide an unfair advantage while any students were testing. **If the student is testing at the time of the discovery of the cell phone, electronic device, or unauthorized material, the student may not be permitted to continue testing. The test must be placed in Exited status and moved to an irregularity session, and the STC must notify the DDOT immediately if test security may be compromised.** The STC must submit an irregularity to the DDOT providing the details about the incident.
- **Examiner/Proctor reviewing test items.** Before, during, or after testing, you must not spend time reading any test items, creating any type of answer key to the test items, copying test items or portions of test items, taking notes about test items, recording student responses to test items, reading/reviewing student drafts, or discussing test items with anyone. (You may report a problem with a test item to their STC. Refer to Section 5.1.5 for guidelines.)
- **Examiner/Proctor providing help.** Help must not be given on any test items. Examples of prohibited help include, but are not limited to: pronouncing words, rewording the question, providing hints and clues, giving reminders, and/or giving verbal indications or non-verbal cues about the correctness of a student's answer. Test questions or portions of the question may not be read to students unless specified by their IEPs, 504 Plans, or EL Assessment Participation Plans. If, after testing is complete, a student asks to discuss a question, the Examiner, Proctor, or teacher should remind the student that the test questions cannot be discussed.
- **Examiner/Proctor prompting students.** You must not prompt the student to go back to any specific questions such as any *Not Answered* or *Bookmarked*. If you notice the student left questions *Not Answered* or *Bookmarked*, you may only tell the student to **"Read the screen carefully."** For guidance regarding questions marked as *Not Answered*, refer to Section 5.2.2.
- **Examiner/Proctor navigating a student's test.** You must not navigate any portion of the test for the student. This includes, but is not limited to: moving between questions; moving from the Review dropdown to questions marked *Not Answered* or *Bookmarked*, exiting or submitting the test.
- **Questions about the test items.** If a student asks a question during the test about a test item, the student should be told, **"Read it carefully and choose the best answer."** Help must not be given on any test items. Refer to the previous bullets regarding prohibited help.
- **Assistance with TestNav Tools.** If the student requests a description or the function of a tool, you may read the specific tool's description to the student from Table 2 in Section 4.9.2.
- **Assistance with audio tools on the *Mathematics* CATs:** If a student requests assistance with an audio tool, the Examiner/Proctor may read from Tables 4 and 5 in Section 4.9.2 to provide the tool's function and operation to the student.

- **Assistance with navigating.** If a student needs assistance navigating the test, you may provide directions to the student, such as:

“To move to the next question, select the **Right Arrow**.”

“To submit your test, select the **Submit Final Answers** button.”

For assistance with navigating the CAT in TestNav, refer to Section 5.1.3.

- **Assistance with the zoom feature.** If a student needs assistance zooming in or out or returning the screen to the default screen size, you may provide directions to the student:

On a PC or Chromebook:

“To zoom in, press the CTRL and + keys at the same time.”

“To zoom out, press the CTRL and – keys at the same time.”

“To zoom in, touch two points on the screen, and then move your fingers away from each other.”

“To zoom out, touch two points on the screen, and then move your fingers toward each other.”

- **Students leaving the testing room during the test.** Students may not leave the testing site and subsequently return to finish the test unless they are closely monitored. Students may not discuss the test or any test items with anyone. Students must not be allowed to interact with each other or any other students in any way, or have access to any educational materials or electronic devices while out of the test room.
- **Students moving to an alternate test room.** If students are moved to an alternate testing site to complete their tests, their testing materials must be collected by the Examiner or Proctor prior to the move. Students must not be permitted to discuss the test or course content in any way with anyone or have access to any educational materials, cell phones, or other electronic devices during the move. Once in the alternate site, return each student’s own materials and resume testing.
- **Reporting an error with a test item.** If the student reports there is an error with a test question or answer choice, you should record the name of the student, subject area, test level, format (online or paper), question number, and a brief statement describing the student’s concern. However, under no circumstances should the test question or answer choices be written down or discussed with the student or with other staff members. Tell the student that the concerns will be reported. The student may continue with the test; you may tell the student to, “**Read the question carefully and choose the best answer.**” Notify the STC of the student’s concern.
- **Cheating.** The Examiner must immediately notify the STC if a student is found cheating on the test. **If the student is testing at the time of the discovery of cheating, the student must not be permitted to continue testing. The test must be placed in *Exited* status and moved to an irregularity session.** The STC must notify the DDOT immediately if test security may be compromised. The STC must submit an irregularity to the DDOT providing

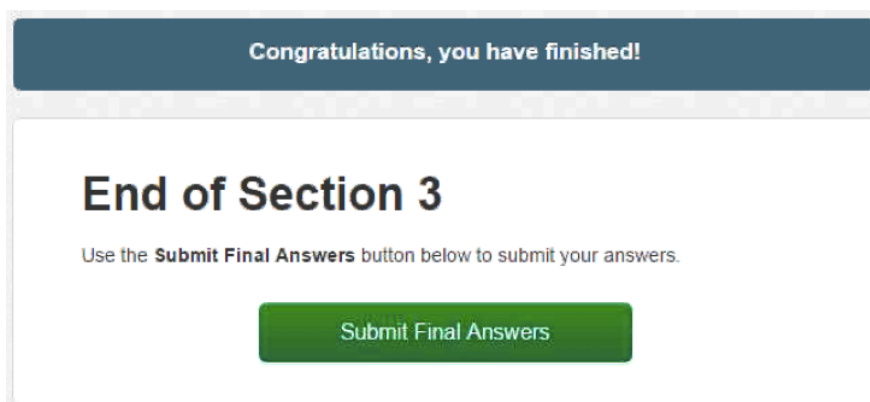

the details about the incident. If the school division makes the determination that a student cheated, the student is not eligible for a retest during the current administration. If the test was an EOC SOL test, the student may retest during the next regularly scheduled administration. The STC/DDOT must invalidate the test and the student will receive a score of “0.” The student’s test record will note the student cheated on the test.

- **Student Inactivity.** If you observe an inactive student during testing, you may ask the student, “**Are you finished with your test?**” If the student responds “No,” then you may say, “**You need to continue working on your test.**” If the student responds, “Yes,” then you should direct the student through the Submit process. After two hours of inactivity, TestNav will automatically *Exit* the student’s test. Contact the STC to *Resume* the student’s test. Refer to the Troubleshooting section in Appendix B for details.
- **Troubleshooting some testing issues.** Refer to Appendix B for guidance with troubleshooting some testing issues such as: the student should have an audio test but does not, the student answered the question but the *Next* arrow does not appear, the student cannot enter a specific character into a TEI answer box, etc.

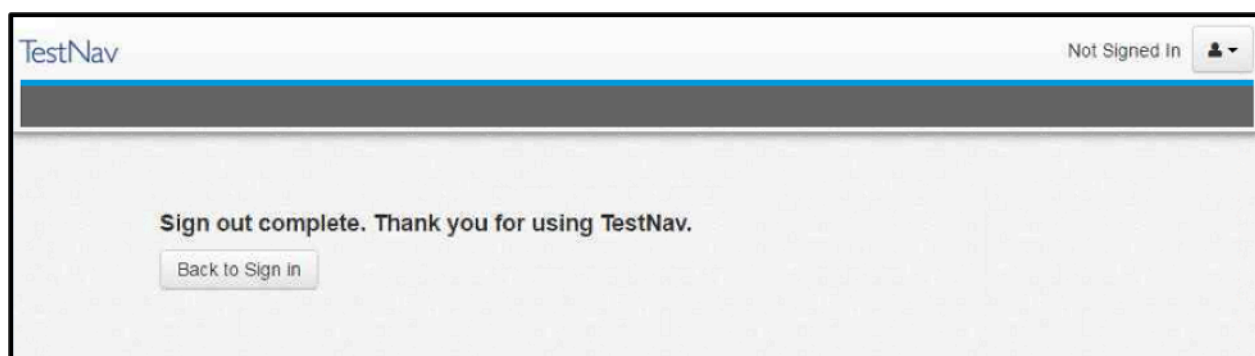

5.3.2 Examiner/Proctor Directions for Submitting the Test

When a student raises his/her hand and is ready to submit the test, you must go to the student’s workstation to give permission for the student to submit the test.

- The student should be on the End of Section 3 screen which displays the message, “Congratulations, you have finished!” Refer to the screen shot below.

- The student should be directed to select the green button: *Submit Final Answers*.
 - Selecting this button submits the students test for scoring. A screen appears with the message, “Sign out complete. Thank you for using TestNav.” Refer to the following screen shot.

Students should leave this screen showing until either dismissed from the test room or their testing device is shut down. This prevents students from accessing software applications or the Internet and disrupting those still testing.

- **NOTE:** Students should not be allowed to go online and access the Internet or other applications, as it may cause an irregularity by disrupting those still taking tests. Students may not access cell phones or other electronic devices while any students are testing. Students may be dismissed from the testing room or permitted to read quietly. You may tell the student:

[If students will be staying in the classroom, **SAY: You may sit quietly or read if you wish.**]

[If students will be dismissed individually back to class, **SAY: You will be dismissed to class.**]

- As students finish testing, collect test materials (i.e., Student Testing Ticket and all used and unused scratch paper) from each individual student. Do not have students pass materials up or down the rows of workstations. Be sure to account for all test materials, including Student Testing Tickets and all used and unused scratch paper. You must ensure that all sheets of scratch paper distributed to each student are collected and accounted for before students are moved to an alternate test site or dismissed from the test session. All used and unused scratch paper must be returned to the STC. After the test session is over, return all test materials to the STC as specified in Section 6. Test materials must be kept in a secure location until returned to the STC.

6. SPECIFIC DUTIES OF EXAMINERS: AFTER TESTING

6.1 Return All Test Materials to the STC After Testing Is Completed

At the end of the test session, all test materials must be returned to the STC. This includes Student Testing Tickets, Proctor Testing Tickets (if read-aloud session), all used and unused scratch paper, the test session roster (optional), the *Examiner's Manual*, and any test manipulatives/materials. Follow your STC's instructions regarding the collection and storage of all materials.

The STC will verify that you have returned all test materials and initial the "IN" column on the *Testing Ticket Transmittal Form and Affidavit for Examiners/Proctors*.

6.2 Sign the Examiner's/Proctor's Affidavit

After the SOL Grade 3 subject-area tests have been administered and materials are returned to the STC, you are required to sign the affidavit certifying that the test was administered according to the *School Division Personnel Test Security Agreement*.

For this certification, the STC may provide the *Test Ticket Transmittal Form and Affidavit for Examiners/Proctors* or another such transmittal/affidavit to sign.

7. MAKE-UP TESTING

Every student who is absent must be given an opportunity to take the test he/she missed on a make-up basis, **provided the make-up sessions are within the testing window.**

- For online make-up sessions, students will take the same test form taken by other students on the regular testing date(s).
- Students who are absent on the day of testing must be removed/moved from the testing session before the session can be stopped and placed in a make-up session.
- The STC will provide you with information regarding the schedule for make-up testing sessions.

1. Students must never be exposed to unreleased (secure)¹ test items (except while completing an official VAP test attempt) or exposed to answers to secure test items. **Using secure test items in any form (including reworded test items) at any time is a violation of test security.** If in doubt whether test items are secure, contact your Division Director of Testing for assistance.
2. All persons are prohibited from providing students with answers to secure test items, suggesting how to respond to secure test items, or influencing student responses to secure test items. Prohibited actions include, but are not limited to, the following: providing clues or hints, providing reminders of content or testing strategies, prompting students to correct or check/recheck specific responses, permitting access to curricular materials² (e.g., textbooks, notes, review materials, bulletin boards, posters, charts, maps, timelines, etc.), or using voice inflection, facial gestures, pointing, gesturing, tapping, or other actions to indicate a response or accuracy of a student's response.
3. Examiners should be in possession of secure test materials only on the day they are administering a test, or in accordance with the procedures for advanced access to a test, and only for the specific test being administered. For the paper VAP *Writing* tests only, Examiners are not permitted to open sealed packages of prompts more than 30 minutes before the administration of the short-paper component.
4. Reading or reviewing any part of a secure test (e.g., test items, answer options, passages, pictures, diagrams, charts, maps, etc.) before, during, or after the test administration is a violation of test security unless an Examiner is reading the test items as part of an accommodation (e.g., read-aloud, interpretation/transliteration, etc.) or is reviewing the test items in preparation for providing that accommodation.
5. Any Login IDs and passwords issued for the administration of VAP tests are secure and must remain confidential.
6. Logging into or navigating throughout a secure online test by anyone except the student whose name appears on the Student Testing Ticket is a violation of test security³. Any exceptions to this must first be authorized by the Virginia Department of Education through the Division Director of Testing.
7. Capturing **ALL OR ANY PART** of a secure test **is a violation of test security**. Prohibited actions include, but are not limited to, copying, photographing, recording, outlining, or summarizing test content or details regarding the secure test content. Any exceptions to this must first be authorized by the Virginia Department of Education through the Division Director of Testing.
8. All VAP tests must be administered strictly in accordance with the instructions provided in the VAP test manuals. This includes, but is not limited to, adhering to procedures for the handling, distribution and use of test materials and test manipulatives, adhering to specific requirements associated with test accommodations (e.g., read-aloud accommodation, dictation to scribe, etc.), and reading all test directions to students exactly as written. VAP test directions must not be paraphrased, altered, or expanded without prior authorization from the Virginia Department of Education through the Division Director of Testing unless the *Examiner's Manual* allows flexibility in providing specific directions.
9. Sample items are included at the beginning of each VAP test and are the only items on the test that may be used with students to review, as directed in the *Examiner's Manual*, test item format and procedures for indicating responses. Students should also be provided with opportunities prior to the day of their test administration to become familiar with VAP test item formats and how to indicate responses. Resources such as SOL Practice Items are available for these purposes on the Virginia Department of Education website.
10. All persons are prohibited from attempting to formally or informally score secure VAP tests or individual test items. Prohibited actions include, but are not limited to, creating an answer key, reviewing or scoring a student's test item response or responses, reviewing or scoring student scratch paper, or tracking student performance on test items⁴.

11. All persons are prohibited from altering, in any manner, student responses to secure test items. Prohibited actions include, but are not limited to, erasing or deleting student responses, changing student responses, or providing responses to items left unanswered or partially unanswered.

¹VAP test items remain secure before, during, and after all test administrations until such time that the Virginia Department of Education publishes the test item on its website as released. The end of a test administration does NOT indicate secure VAP test items are released.

²For the Fall Growth Assessments and Virginia Alternate Assessment Program tests, it is unnecessary to cover or remove curricular materials from classroom walls.

³Examiner's administering assessments for the Virginia Alternate Assessment Program are permitted to log in, navigate, and respond to items based on the needs of the individual student being assessed and in accordance with the procedures in the *Examiner's Manual*.

⁴Examiner's administering assessments for the Virginia Alternate Assessment Program are permitted to record student responses on the Examiner's Copy of the test to track student advancement through the test and to enter item responses at a later date in TestNav in accordance with the procedures in the *Examiner's Manual*.

Below are frequently encountered scenarios in online testing and suggestions to help resolve the issues:

- **Student requires an audio test but there is no audio:** For the audio Grade 3 *Reading* CAT and Grade 3 *Mathematics* CAT, the **audio tools** will appear on the right side of the student's test screen for both the samples and the test questions.

For all audio tests, the student must select the **Play** button to start the audio. If you notice the audio player/tools do not appear, you should contact the STC immediately and should not permit the student to continue testing. The STC or Examiner should verify the form assigned to the student using the Students in Session screen in PearsonAccess^{next}. Scroll down to the student's name and look at the form assigned to the student (in the **Form/ Form Group Type** column). The icon  will appear next to the form number of students assigned an audio test. If the form assigned to the student is not an audio form, the STC or Examiner should have the student **EXIT** the test but keep the student seated at his/her workstation and contact the DDOT, who should immediately contact VDOE. In most cases, VDOE can change the student's form to the correct audio form while the student waits in the test room. DO NOT mark the test complete or have the student *Submit* the test.

If the audio player/tools appear but no audio can be heard, the STC or Examiner should have the student **EXIT** the test and wait while school staff check the computer's audio control settings to make sure the computer is not set to MUTE. Be sure the headphones are functioning properly.

- **Student should not have an audio test, but the audio is playing or the audio player/ tools appear on the student's test:** Contact your STC immediately. Do not permit the student to continue testing. The STC or Examiner should have the student **EXIT** the test but keep the student seated at his/her workstation and immediately contact the DDOT, who should immediately contact VDOE. In most cases, VDOE can change the student's form to the correct non-audio form while the student waits in the test room.
- **Shading is not visible on the test questions:** Some test questions refer to the "shaded section" of a map, graph, chart, etc. If the shading is not apparent to the student, you may adjust the contrast setting on the student's monitor until the shading is visible. If this adjustment does not resolve the problem, contact the STC.
- **The student completed a question but the *Next* button does not appear:**
 - The Student may have attempted to answer the question using a "tool" other than the Pointer. The Pointer must be used to:
 - select multiple-choice answers;
 - place the cursor in a box in order to type an answer;
 - plot points on a line, graph, or image;
 - select one or more answers; or
 - drag answers from one location to another.
 - You may remind the student that "**The Pointer  must be used to answer the question.**" OR
 - The student may not have met all the requirements of the test question. For example, if a test item requires the student to drag 3 items to answer boxes, the *Next* button will not appear if the student only places 1 or 2 items into the answer boxes. The *Next* button will only appear after the student places 3 items into the answer boxes. You may tell the student to "**Read the screen carefully.**"
- **Student is trying to use the Answer Eliminator tool  on a TEI question and it is not working:** Refer to Table 1 in Section 4.9.2. You may tell the student that the Answer Eliminator tool functions with multiple-choice questions and certain TEI Items; it does not function on all TEI questions.

- **Student has difficulty entering a specific symbol or character into a TEI answer box:** If the student asks you which key to use for a specific symbol or character, you may tell the student which keys to press and may point to the keys. For example, the student asks you, “How do I make a minus sign?” You may say, “**Use the hyphen key.**” Other examples include:

To make a colon, “**Hold the shift key down and then press the colon key.**”

To make a fraction, “**Use the forward slash key.**”

To make a decimal, “**Use the period.**”

You may only respond to the student’s request for “how” to enter a specific symbol. You may not prompt the student to enter a specific symbol or tell a student what symbol is needed in the answer to a specific question.

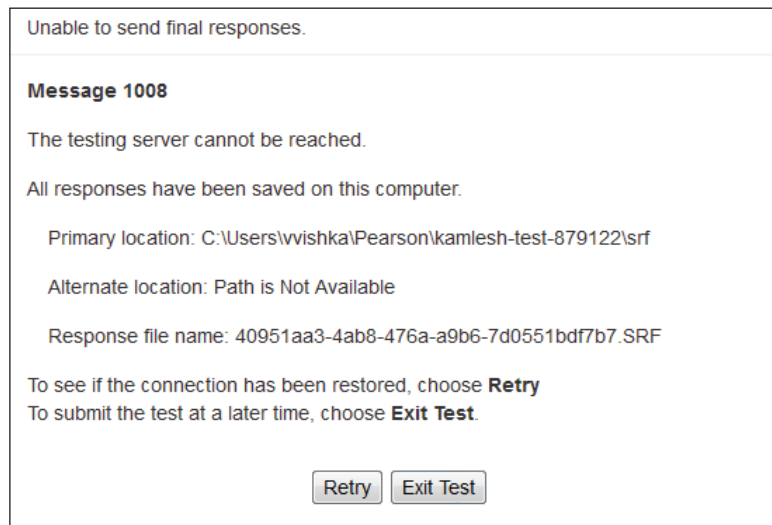

- **Student cannot enter a specific “character” into a TEI answer box.** You should look to see if the “Caps Lock” key is active on the student’s keyboard. If it is, you may tell the student, “**Try pressing the “Caps Lock” key on your keyboard.**”

If the student is still having difficulty, you may re-read the testing directions from the *Examiner’s Manual* verbatim to the student, “**Make sure the Caps Lock key is not on if you are trying to enter a lowercase letter in the answer box. If you select a letter, number, or symbol that cannot be used in your answer, a message will appear on the screen that states, ‘You cannot use that character’.**”

If the student is still having difficulty, it may be that the student misunderstands the question or does not know how to resolve the question. In these cases you may only say, “**Read the question carefully.**”

- **The student submitted the test prematurely:** If the student accidentally submitted the test, wants to return to it, and has not left the secure test room, contact your STC immediately. The STC or Examiner should have the student remain in the test room seated at his/her workstation and immediately contact the DDOT, who should immediately contact VDOE. In most cases, VDOE can “unsubmit” the student’s test so the student can log back into the test.
- **This message is displayed on the student’s workstation, “Are you still there? This test will be exited in 30 seconds if no activity is detected.”:** This message is indicating that the student has been inactive for nearly two hours. To reset the inactivity timer, the student should move the mouse, press a key, or touch the screen (on touch screen devices).
- **The student’s test is *Exited* and the workstation is showing Error 3124.** The student’s test was automatically *Exited* by TestNav after at least two hours of inactivity. The message for Error 3124 states, “TestNav has closed the test session due to inactivity. To continue testing, ask your proctor to resume your test, and sign in again.” To enable the student to continue with the test, the STC must *Resume* the student’s test in PearsonAccess^{next}; then the student can sign in with the Student Testing Ticket.

- The student was attempting to Exit or Submit the test, but an error message, “Message 1008,” appeared with a Retry and an Exit Test button and a message that “The testing server cannot be reached. All responses have been saved on this computer.”

This message appears if the connection with the testing server and TestNav was unable to upload responses to the testing server. As the message indicates, the student responses have been saved locally (e.g., to a local drive or network drive) so that they can be uploaded to the Pearson server when connectivity has been restored.

Notify the STC immediately. Generally, if the message appears:

- on a single or a few testing devices, the device connectivity should be checked to ensure the device(s) can communicate to the Pearson server.
- throughout the school or division, the local network and connectivity to the Internet should be checked to ensure the testing devices can communicate to the Pearson server.
- divisionwide, it may be due to a problem at Pearson or with TestNav.

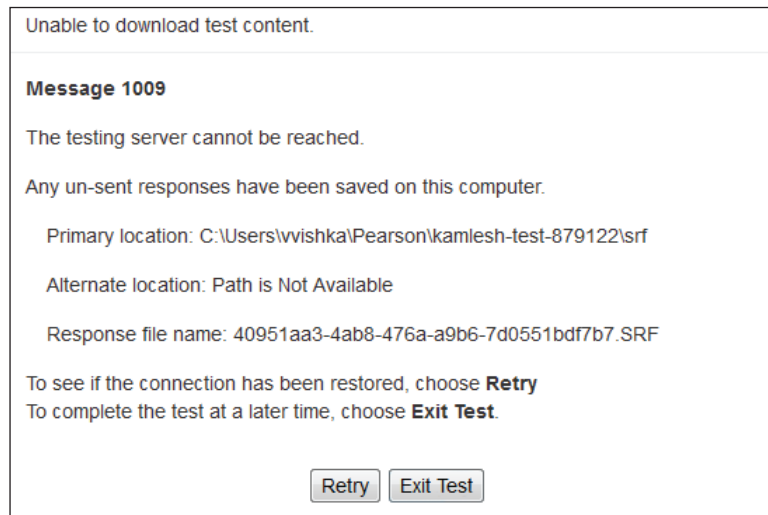

If the student **has completed** the test and the message appeared when the student tried to Submit the test:

- Have the student select the *Retry* button after waiting a short time (about a minute). If connectivity is restored, the test will Submit.
- If the message remains, make a note of the exact testing device the student was using and select the *Exit Test* button.
 - The student(s) may now be sent back to class. It is not necessary to hold students in the classroom until connectivity is restored.
 - The STC must notify the DDOT who must notify VDOE. VDOE will provide directions for submitting the students' tests once connectivity is restored.

If the student **has not completed** the test and the message appeared when the student tried to Exit the test:

- Connectivity must be restored before the student can continue testing.
- Have the student select the *Retry* button after waiting a short time (about a minute). If connectivity is restored, the test will Exit.

- If the message remains, the STC should notify the DDOT. The DDOT may need to contact VDOE for next steps.
- **Student was testing and an error message, “Message 1009,” appeared with a *Retry* and an *Exit Test* button and a message that “The testing server cannot be reached. Any un-sent responses have been saved on this computer.”**

This message appears when some portion of the online test cannot be downloaded to the student’s testing device because connectivity between the student’s device and the Pearson testing server has been interrupted. The student responses have been saved locally (e.g., to a local drive or network drive), but the student cannot continue testing at the moment because some part of the online test cannot be displayed on the device.

Notify the STC immediately. Generally, if the message appears:

- on a single or a few testing devices, the device connectivity should be checked to ensure the device(s) can communicate to the Pearson server.
- throughout the school or division, the local network and connectivity to the Internet should be checked to ensure the testing devices can communicate to the Pearson server.
- Division-wide, it may be due to a problem at Pearson or with TestNav.

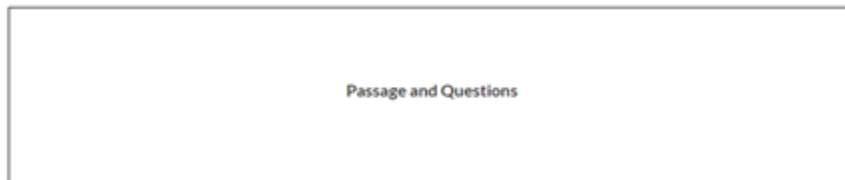

Because the testing device displaying “**Message 1009**” cannot communicate with the Pearson server, TestNav must be closed on the device until connectivity is restored. To proceed:

- Select the *Exit Test* button and make a note of the exact testing device the student was using.
- If possible, to avoid having to retest the student, maintain secure test conditions among the students while connectivity is being restored. Consult with your STC regarding how long you should wait for connectivity to be restored before discontinuing the testing session.
- Once connectivity is restored to the student’s testing device, the STC must Resume the student’s test in PearsonAccess^{next} before the student can log in to the test again.
- The STC should notify the DDOT. The DDOT may need to contact VDOE for next steps.

Passage Set Question Transition Screens

- **Passage set questions** consist of a reading passage and all the questions associated with the passage(s). As students answer questions within a passage set, they may bookmark questions, return to previously answered questions, and review or change any answers. Once the student leaves the passage set and enters the next passage set, the student is unable to navigate back to any previous question.
- Transition screens (message screens) will appear before and after passage set questions to notify the student that he/she has completed a passage set.
- Samples and notes regarding the *Reading* CAT transition screens encountered on this test are shown below:

Beginning of a passage set: the screen with the message, “Passage and Questions,” notifies the student that a passage and associated questions are the next type of questions on the test. The student may only select the *Right Arrow* button on this screen.

End of a passage set: the screen with the large yellow triangle and the message, “You have reached the end of the questions for the passage” (and additional directions), notifies the student that he/she has reached the end of the passage set of questions. The student may select the *Review* button to go back to the passage’s questions, or select the *Right Arrow* button to go to the next transition screen.

- In order to become familiar with these screens, students should have practiced with the *Middle School Reading CAT Training Test* in the Training Center of PearsonAccess^{next} or the Practice Item Sets in TestNav.
- When students encounter these screens and have questions or concerns, you may read the screen(s) to the student and/or use the descriptions above to assist in providing directions to the student for navigating the screen.
- Students who receive the read-aloud accommodation must have the transition screens read to them. For students who receive the audio accommodation, the transition screens are read to the student via the audio tools.
- Refer to Section 5.2.1 regarding monitoring the test for statements the Examiner/Proctor may use when students encounter these screens.
